LIST OF PLAYERS OF ALL THE WESTERN LEAGUE TEAMS.

Manning Not Boasting, but Hopeful-Manager Schmels Feels Encouraged-A Parade Before Today's Game-Hoosiers Defeat Detroit.

This is the day on which Manager Manning's Kansas City Blues of the season of 98 are to line up for their first league game and show the public what kind of men they are. The ante-season practice was concluded yesterday afternoon, and It now gives way to the genuine article.

The team which represents Kansas City this sear is practically a new one, only few of last year's players retaining posttions. The personnel of the team is not yet complete, as Manager Manning is still in correspondence with a number of we known players whom he expects to lane soon. Those whom he has already engaged and who will appear to-day in Kansas City uniforms bear promise of maintaining the baseball credit of Kansas City.

But weather has interfered greatly with preliminary practice, and the Blues have had a streak of hard luck which has bee undeserved. It will be remembered that the Pittsburg Pirates came out to play series of seven games in Kansas City, an rain prevented all but three. One of these games, however, the Blues captured, and Kansas City enjoys the distinction of having the only Western League team which has defeated a team from the big league. Other towns have suffered from bad weather and adverse conditions also, and Kansas City enters the contest with chances probably as good as any other team. ably as good as any other team.

Manager Manning is not making any extravagant boasts, but he is hopeful for the season of 1898.

"I have nothing to say," said Mr. Man

"I have nothing to say, said air, Man ning last night, "except that we have; better team than we had last year. Yo can just stick a pln there. We are not do ing much talking, but we expect some re-sults which will not be altogether unpleas

Ing."
Manager Manning yesterday named Harry O'Hagan as captain of the Blues, and the ex-Pirate will assume his new duties in the opening game to-day. O'Hagan is popular with the players, is possessed of considerable executive ability, understands the game thoroughly, and plays it well.

well.

The Blues were in good spirits last night and expressed themselves as pleased that real work is now to begin. With the single exception of Rothfuss all of them are in good condition. Rothfuss has not yet entirely recovered from his recent severe illness and will stay out of the game for several days. His loss will be severely felt. Last year as first baseman for the Newark team of the Atlantic League he averaged .977, and later when he played with the Pittsburg his average was .979. In thirtyone games played in the National League he held fifteenth rank in the batting list.

How the Blues Will Line Up To-day. O'Hagan will temporarily cover the initial bag, and he is not a stranger to the posi tion, although so far this season his prac-

ag, and no ion, although so far interesting and he ion, although so far interesting work has been wholly creditable, fielding work has been wholly creditable, he exceeds in stick work.

"Parson" Nicholson, who is popular with Kansas Cityans, will fill his old place at second, and little "Rooney" Viox, who comes from St. Joseph, will play at third. Viox has already won a place in the hearts of local fans by his splendid batting and excellent fielding of the ball. "Home Run" Williams, another St. Joe boy, who has won his title, will be at short, and he will be relied upon to do a generous share in wirning games for the Blues this season. The companies of the Blues this season. The companies of the Blues this season. The companies of the list won his title, will be at short, and he will be relied upon to do a generous share in winning games for the Blues this season. Charlie Frisble at left, Jimmie Slagle in center, and Mattle McVicker in right, form a crew of outfielders who ought to rank with the best of them this year, McVicker was very close to the top in the list of Kansas City batters last year. Frisble's record with Quincy was a very few points below Mattle's and reports show that Jimmie Slagle knows how to hit the ball generous whacks also. All of these men are way-uppers in fielding.

Pardee will do the twirling to-day, Only three pitchers in the Western League stood above him last year and his arm is in good shape. Hausen, who wore a St. Joe uniform last season, will receive.

These men, with Gear, Mercedith, Pettinger and Eagan, pitchers, make up the list of Kansas City players as it now stands. There is a strong probability that Connaughton will yet return to the fold, and another catcher will be signed.

The Millers Arrive.

The Millers Arrive.

The Minneapolis Millers, who will open the season in Kansas City this afternoon arrived in the city from Atchison at 10: last night. The fifteen players were a companied by Manager A. S. Schmelz ar Treasurer Clarence E. Saulpaugh. The c tire party were driven in a carryall to Savoy hotel where they will stay while

Savoy hotel where they will stay while in Kansas City.

Either Figgemeier, Phillipi, or Norton will pitch in to-day's game and Dixon or Ritter will catch. The other players will be Werden, first base, Smith second, Rice third, Bale shortstop, Letcher left field, Parrott center, and Campau right.

"Most of the men on our team are in good shape," said Manager Schmelz. "Reilly, the regular third baseman, is suffering from a sprained ankle, and Rice, who will take his place, is not in good condition, but otherwise they are all right. We have not been favored with good weather for our practice games, but the boys have done good work under the circumstances. We are very much encouraged and the prospects for Minneapolis are bright this season."

To-day's game will be called at 3:30.

and the prospects for Minneapolis are bright this season."

To-day's game will be called at 3:30. Starting at 2 o'clock, the Third Regiment band will head a procession to the Exposition park, the players of the two teams riding in tally-hos. The parade will start from the Savoy hotel, and the line of march will be by way of Ninth, Main and Fitteenth streets. Flags will ily from the top of the grand stand, and the band will give a concert during the game. Haskell will umpire.

Baltimore 18, Boston 3.

Baltimore 18, Boston 3.

Baltimore, April 20.—Consecutive work with the bat and faultless fielding gave Baltimore an easy victory to-day over the Bostonians. Errors of omission as well as of commission on the part of the visitors allowed the Orioles to score a number of their runs. McJames was invulnerable except in the fourth inning, when the visitors bunched two singles and a twobagger after Duff had been given his base on balls. Three runs was the result. A solitary single in each of five other innings was the extent of Boston's stick work. Willis made his initial bow in league company in the sixth after the game was irretrievably lost, and was perceptibly nervous and unsteady. Attendance, 3,274. The score:

Louisville, Ky., April 20.—The chilly weather seemed to give the Colonels a new lease of life to-day, for they batted timely and their fielding was magnificent. Bill Everitt talked too long and loud over a decision of Umpire Cushman's in the seventh, and the Coli's first baseman retired from the game in favor of Callahan, with the umpire's consent. Bay Renald Wins at Epsom.

London, April 20.—The City and Suburban handicap of 2,000 sovereigns, which was run at Epsom to-day, was won by Mr. L. Brassey's 5-year-old bay colt, Bay Ronald. New Haven II. was second and Craftsman was third. Eighteen horses started, including Mr. James E. Keene's St. Cloud II. and Mr. Pierre Lorillard's Sandia. The distance was about a mile and a quarter.

St. Louis, April 20.—Tripp, of Indianapolis, led the second day's work at the amateur trap shooting turnament at Dupont park, with a general average of \$5 per cent. His best individual run was 24 out of 25. Sergeant, the Missouri champion, was second in the general average, with \$2\frac{1}{2} per cent, and Connor, of \$1. Louis, ran third, with an average of \$2 per cent.

More than forty experts took part in the eight events and several thousand targets were smashed. Socials Defeat the Sunflowers.

And to-day we play ball. St. Louis doesn't seem able to pull out of that .600 column. Umpire Sheridan, who will officiate at to-day's game, umpired the first game in Kansas City last year. Yale defeated Williams 12 to 3 at New Haven yesterday, and Georgetown uni-versity beat Harvard 3 to 1 in a game at Washington. This is the day for the fans to let loose their pent-un anthusiasm

the effects of his illness and has been saving his strength for the big games.

The St. Louis management will rebuild its grand stand as soon as possible. An architect has been sent to Chicago to inspect the grand stand there, and he may go as far East as Boston.

Beginning to-day Kansas City people will see a solid week of ball games. Minneapolis plays here to-day, Friday, Saturday and Sunday. St. Paul will then play for four days, after which the Blues will take a Northern trip.

a Northern trip.

A boycott has been declared on the Cleveland Baseball park by the Building Trades Council and Knights of Labor. The boycott is made owing to the refusal of President Frank Robison, of the Cleveland team, to give a contract for making extensive improvements on the grand stand to contractors employing union men or who observe the eight-hour law.

who observe the eight-hour law.

All the fans in the Western League would like some more lines on Omaha. The press of that city supplies very little information compared with the exchanges from the other cities in the circuit. It is to be hoped that the club from the baby will be a strong one and will play fast ball, as there is nothing like a hot race to stir up enthusias m among the fans.—Minneapolis Journal.

George Decker, Chicago's great first baseman, has been sold to St. Louis and hereafter will play in the uniform of the Browns. Hurst paid George Hart \$2,000 for the new man. Decker will be a most valuable acquisition to the Browns, who have been sorely in need of a first baseman, It is not stated what salary Decker will draw, but there is no doubt but that he will be well cared for.

will be well cared for.

The Detroit team will field much better than last year's team did, and hit well. There are certainly five men who will hit over .325. They are Hines, Dillard, Richter, Nicholl and Dungan. Nordyke is due to hit over .390, and Piper will at least hit up to .280, and may hit better than that. But what he lacks in his hitting he will make up in his fielding and in his ability to beat out halls that are juggled ever so little.—Detroit Journal.

Ittle.—Detroit Journal.

The Milwaukee team, on the whole, has been batting well, but there is still a chance for improvement, especially in Nicol's and Speer's work with the stick. In stolen bases, in which the men were all weak last year, advancement must also be made. Waldron is doing good work on the bases, but the other men have not shown up to any great advantage until yesterday. At third base Milwaukee is still weak. Barnes is an able man, but he would make a better second baseman than a third baseman. He is too slow and awkward on his feet to field the third corner of the diamond. Discrepancies of the nature mentioned above should be noticed at once and improved upon before the season begins.—Milwaukee Journal.

General Sporting Notes. During the 100 days of the New Orleans neeting \$180,000 was distributed in stakes

At Richmond, Ind., Monday, George Boyce, champion lightweight pugilist of Indiana, was stricken with a ruptured blood vessel and has been unconscious for hours. Boyce is also a well known baseball player. Chicago will have a new bicycle track in the near future. Prominent lights in wheeling circles say they have succeedd in interesting several men with money to invest, and that negotiations for a suitable location is now under way.

Dick Case, who meet Tommy Cavanaugh next Friday night at Louisville, says that if he wins this bout he will go after Jack Everhart, of New Orleans. Case has lost no fights yet, and, being ambitious, wants to get up to the top of the ladder.

Dan A. Stuart, the well known sporting promoter, formerly of Dallas, Tex., and now living in New York, has completed a scheme that has been close to his heart for seven years. It is the big Southern winter racing circuit, to be patronized by the best turfmen and horses of the North and East. He will, with New York associates, give race meetings at Hot Springs, Ark.; Dallas, Houston and San Antonio, Tex. He will invest \$20,000 in a track, building and other accessories midway between Dallas and Fort Worth and connect the track with the two towns by an electric railway. The Houston track will be at Dickinson, midway between Houston and Galveston. Approximately 100 days of winter racing will be given on the circuit, beginning at Hot Springs about December 1.

TAX ON RAILROAD TICKETS.

PUBLIC SHOULD PAY FOR IT.

Others Believe Railroads Will Have to Bear Any War Tax on Tickets Imposed by Government -Railroad News.

Chicago, April 20.-Passenger officials of the roads centering in Chicago are divided on the question as to whether the railroads or the purchaser of tickets should pay the tax to be imposed by the government in case of war. Some are of the opinion that the maximum rate laws effective in some states will prevent them from adding anything to the present price of tickets, and others say that the increase will not be an increase in the price of tickets, but will be the tax, and that as far as state laws on the subject of maximum rates are con-

WORLDLY SCHEDULES ONLY. Either Spiritualism or Their

Topeka, Kas., April 20,-(Special.) The Santa Fe company has notified its engineers that "they must give up either spiritualism Santa Fe company has nother its capacitation or their engines."

Last fall quite an excitement raged among the railroad men of the Eastern and Western divisions of the Santa Fe over the messages they received through mediums supposed to come from the spirit world. Several engineers received warnings not to take their engines out, during certain periods lest they should meet with some accident. Others were to run slowly over certain parts of the road. Others saw warning lights on the running boards of their engines and one engineer used to see a light in the Nortonville cut. The engineers and others were continually receiving messages and warnings.

It was thought by the officials of the road that spirit messages were sometimes followed closer than train orders, and just before Master Mechanic George Smith left Topeka he called several of those interested in spiritualism into his office and told them that if they wished to continue on the road they must drop spirits and messages. Since that verbal order was made not a word of spiritualism has been heard along the line.

PATRIOTIC PASSENGER MEN THINK

on the subject of maximum rates are con-cerned the law of the government will take precedence. Another question is whether the tax will be made to cover all fares paid for transportation or simply tickets sold. If the latter construction is to rule the roads say they will sell very few tickets over the counter and that nine out of ten passengers will pay their fare on trains in order to avoid the tax which would be im-posed upon them if they bought their tick-ets outright at the regular offices.
